Welcome

The 9th annual LFA Championship Show and Sale will be the weekend of September 17, 2010 at the Iowa Equestrian Center in Cedar Rapids. We welcome every breeder to attend. It highlights the finest llamas in North America and a great time together with friends for a fun filled weekend.

The event starts Thursday evening, September 16th, with Keith and Patti Wattigney's shrimp boil. Great Southern hospitality!

Friday is the Fall Harvest Show – an ILR-SD sanctioned show - along with the ALSA Great Lakes Regional Show. That night is heavy hor d'oeuvres hosted by the LFA.

Saturday morning starts with introduction of animals on the red carpet. A hands-on preview will follow. Darrell Anderson will then take his place on the auction block with Mike Gerken providing the commentary about each animal. The auction starts with breedings to some of the top herdsires in the country. Take this opportunity to add some new bloodlines to your herd. The auction continues with the selling of 36 premier llamas consigned by breeders from across North America. We thank the consigners for offering some of their very best and we encourage you to take the opportunity for a new addition.

The 9th annual LFA World Futurity Championship Show kicks off Sunday morning. This event will again boast the top payouts in the country. This is a great opportunity for earning a years worth of bragging rights and some cash in your pocket.

We would like to thank our sponsors for their generosity and support, without their commitment this weekend would not be possible. We would also like to thank the countless volunteers that help make this event possible. It is definitely a group effort to put on an event of this magnitude and the entire industry benefits from those committed to making this event a success year after year.

With all that said, we hope to see you in Cedar Rapids to compete in this year's event. The LFA continues to promote the future of the llama industry and with your support, we can all have a fun future together!

2010 LFA Event Sponsors

Diamond Sponsors

Mike & Wendy Gerken

Hard Rock Llama Co.

Hard Rock Llama Co. has a story no different than most, their herd of two females quickly turned into six, then ten, then twenty and eventually they even outgrew their farm. The current location of Hard Rock Llama Co. was built specifically to suit the needs of our animals and to suit our enjoyment of them. We are currently home to approximately eighty animals at any given time. In addition to our enjoyment of our llamas, through the years the friends we have met have made our involvement in the llama industry even more rewarding. We look forward to seeing our friends at this year's LFA and to the possibility of making many more!

In our sixteen years we've remained competitive in the show ring bringing home multiple championships in the halter and futurity rings. We've attended sales across North America to continue to enhance our breeding program each and every year. Our mission statement continues to be "to breed for large animals with a special style and personality, while respecting what a llama was meant to be." We have enjoyed our fifteen years in the industry and look forward to participating in and hosting more events in the future. With that in mind we are proud to once again be a Diamond Sponsor at this year's LFA, and wish all the participants the best of luck at the 2010 LFA event.

Llama Futurity Association Judges

Philip Feiner

Phil has always been an animal lover and remembers as a child bringing an injured duckling to his neighbor's house for examination. With the help of Dr. Leighton,

Chief of Surgery at New York's Animal Medical Center, that little duckling survived and thrived.

Having bred and raised a number of successful show horses, his focus switched to llamas in 1991 after experiencing their gentle nature and energy. In 1997 Phil introduced the Northeast Llama Showcase in West Springfield, Mass, where he served as its superintendent for six years. He also served as the superintendent for the ALSA Eastern Regional for 4 years, and as the superintendent of the Llama Futurity Association Fall Harvest show for a number of years.

In addition to superintending shows, he served on the BOD of the Greater Appalachian Llama & Alpaca Association (GALA), serving as both the New York representative and Treasurer for 6 years. Additionally, he spent six years as a director and Treasurer of the Llama Futurity Association.

Phil has enjoyed working as a judge for the past seven years. He has judged shows both large and small, from the local state fair to some of the most prestigious Futurities in the country. He has also judged both performance and halter at the ALSA Grand National.

His "day" job entails running his family's manufacturing company as well as working as Realtor servicing the New York City and its surrounding boroughs.

Val Townsend

Val resides at Sylvan Lake Alberta Canada with her husband Deone and two children Dakota and Wacey. Val and Deone have been raising llamas since 1988. Raising quality livestock is a priority with them, they have 150 black Angus momma cows, 50 llamas and 50 miniature donkeys. The llama end of the operation is known as Perfection Llamas, they have been proud to raise and exhibit champions across North America. Both Val and Deone have judged a variety of species from coast to coast, including the Celebrity Futurity several times. They regularly host judging clinics on their ranch and enjoy helping others to develop an eye for a champion. Having exhibited a champion in the inaugural LFA and others since, Val is excited to be one of the judges at the 2010 LFA.

Alaine Byers

Alaine has been raising llamas since 1980 and is celebrating 30 years in llamas. She, along with her husband Rick, own and operate Indian Peaks Llama Ranch in LaVeta, Colorado.

Alaine began as a commercial llama packer, guiding pack trips in the Indian Peaks Wilderness of Colorado and began showing her llamas in some of the first llama shows in 1985.

Her breeding program has consisted of two record holding sales in 1989. She has been a professional handler, groom and consultant since 1993.

Alaine retired as an ALSA Level III judge but continues to judge on the Futurity and Canadian show circuits.

Alaine also owns and operates Lock 'n Luster Grooming Products. She has developed over a dozen shampoos, conditioners and cleaning products formulated for llama fiber.

She has developed and taught "Winning Edge Clinics", a two day Grooming and Handling clinic for exhibitors.

Fall Harvest ALSA Show Judge

Beth Myers

Beth lives on a 22 acre farm in Newark, OH and has been raising and showing llamas since 1993. She currently has 27 llamas and 1 alpaca with cria on the way.

Beth has been a certified ILR-SD for two years and ALSA judge for llamas for eleven years and alpacas for ten. Prior to llamas she, along with her family, raised and showed sheep and horses. She was involved as a 4-H advisor, youth committee member for the local extension service and enjoys participation in community service with the animals by taking them to schools and nursing homes and hosting educational field trips to the farm. She has also served the industry as committee chair or member on several ILA, ALSA, ILR-SD and ORVLA committees as well as holding office in the local llama organization, ORVLA.

She is currently Chair of the ILR-SD Judges Committee and member of the ILR-SD Governing Board.

One of her goals is to keep the llama industry fun, fair and growing.

Oh-la-la and Brownderosa's Trophy Girl = What a flashy pair of females! The mother, Oh-La-La stood third at Grand Nationals in 2007 and the sire side is deep with national champions!! This pair is hard to part with, but we wanted to bring something with "wow" factor for the LFA sale and they sure qualify. The cria is only one day old in this photo, so visit us at www.brownderosa.com for updated photos of Brownderosa's Trophy Girl as she matures. Great pedigrees, great conformation, luscious fleece and lots of spots – take them home and enjoy!

Gifty is only the second female we have sold from our foundation family, anchored by HCLR Enchantment, Gifty's maternal grandmother. She was the dam of our great show ring champion, Solid Rock's Morena that sold for \$13,500 in the Gold Rush Sale in 2007. Gifty's maternal grandsire is the great Icon son Hard Rock's Inferno. He also sired Trademark, our senior herd sire. Gifty is also the first female we have offered that has been exposed to Milestone, our multiple champion male that won the LFA Futurity last year as a juvenile. Gifty was Grand Champion Suri female at the 2008 NAILE at only 6 months of age. She later was named Reserve Grand Suri Female at the 2009 Llamafest. A straight-topped female with a great personality – and don't forget the Milestone baby in the oven.
